The Trusted Source For All Of Your Nutraceutical Needs

ABOUT US

Private Label Express was founded in small garage in Coral Springs, Florida in 1999. With a background in the Pharmaceutical Industry, our founder Robert De Lima strived to create a company that could meet the needs of the growing vitamin/softgel market.

After years of frustration with contract suppliers and manufacturers, Mr. De Lima realized that it was time to do it himself, and Private Label Express was born!

Mr. De Lima regularly refers to PLE as "the culmination of everything that I have learned in business and in life." The company's growth has been dramatic and success has come through cultivating relationships with customers, and working hard to keep our cost low in a competitive environment.

At Private Label Express, you not only get our products, but you get our team. You get hard working, ethical team members, who see each other as more than just "boss or employee". Regularly socializing outside of work, we are truly a family, and we treat our customers as part of that family.

A word from Ryan F. Zackon, COO - Private Label Express

The high quality, pharmacy grade nutraceuticals that we offer are just part of what has earned us our strong reputation in this industry for more than a decade. In my opinion our greatest asset is that we have built a team of professionals from the pharmaceutical and nutraceutical industry who bring their experience, dedication and guidance to all of the companies that we supply around the world.

And it is our mission to make your company better today than it was yesterday. With our continued commitment and innovation, our team at Private Label Express plan to contribute to the growth and success of our customers for many years to come.

QUALITY CERTIFICATIONS

Quality and compliance are extremely important to us. All our products are FDA Compliant and are regularly tested by independent laboratories to ensure that the quality is up to our clients' expectations.
